

How To Install The Home School Planner

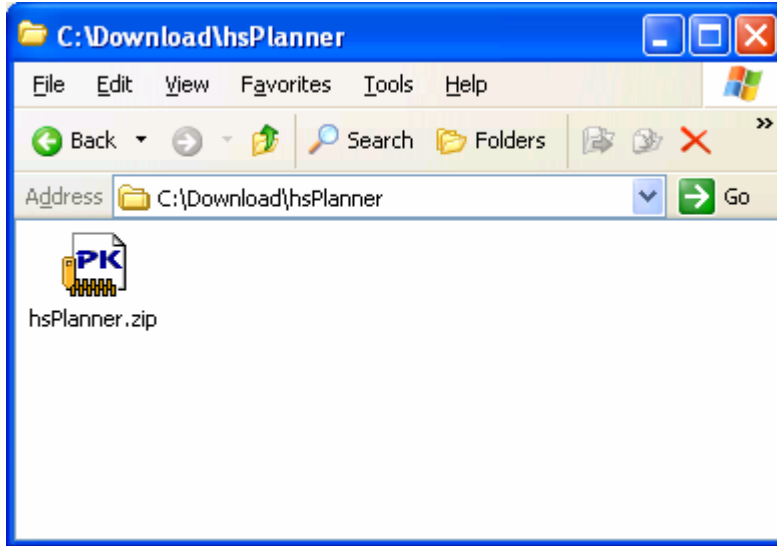

1. Open My Computer (Windows Explorer)

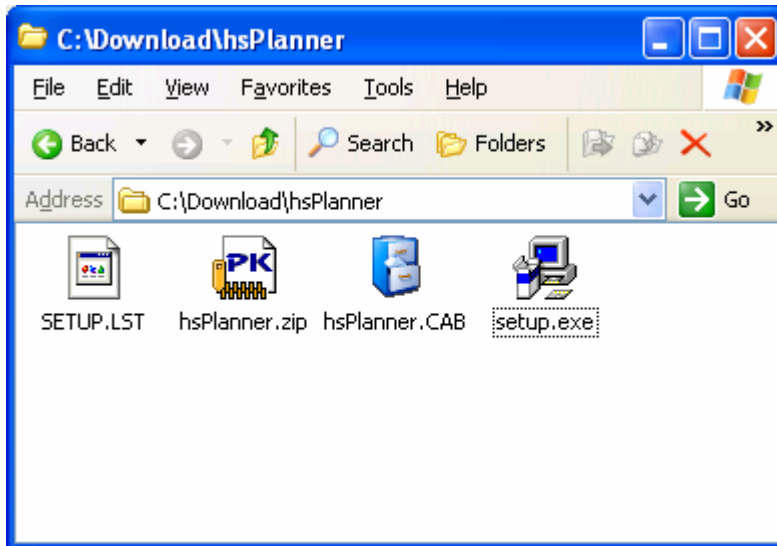

2. Make a folder to hold the download files.

3. Download hsPlanner.zip.

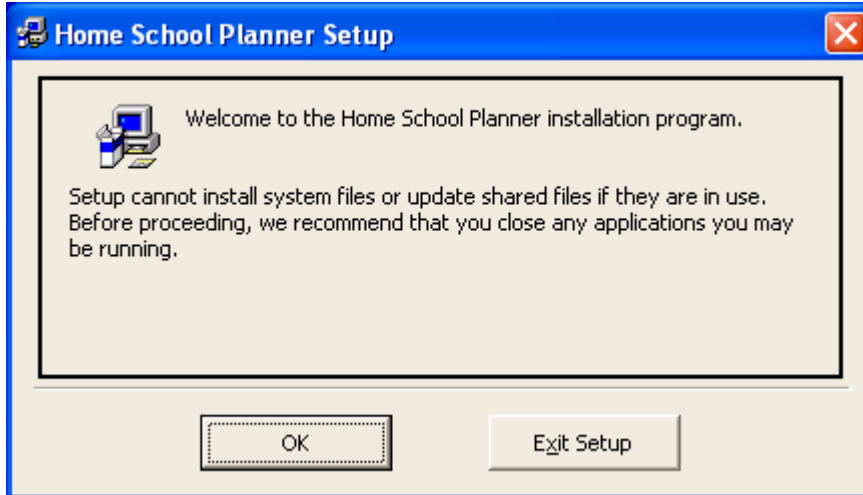

4. Extract the three files inside.

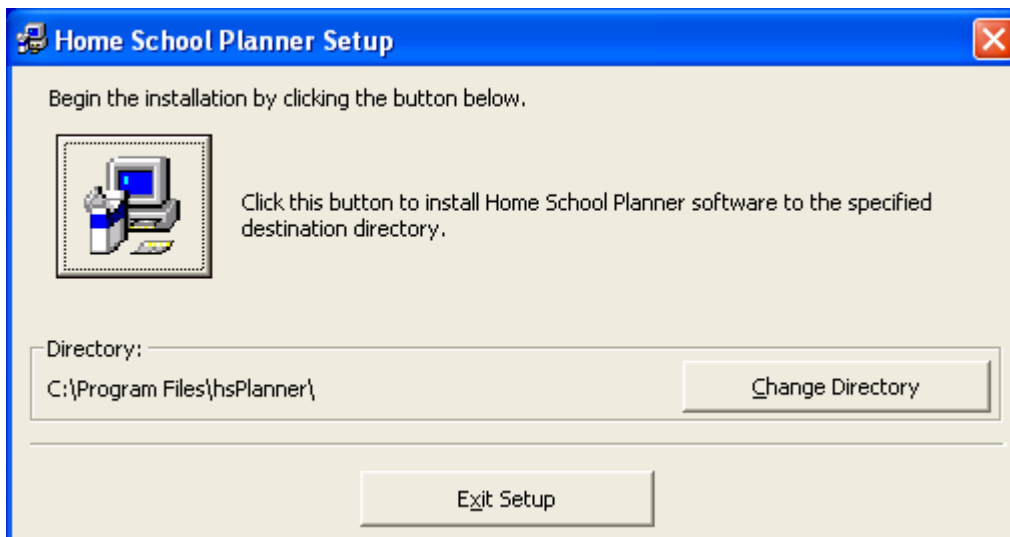

5. Run setup.exe.

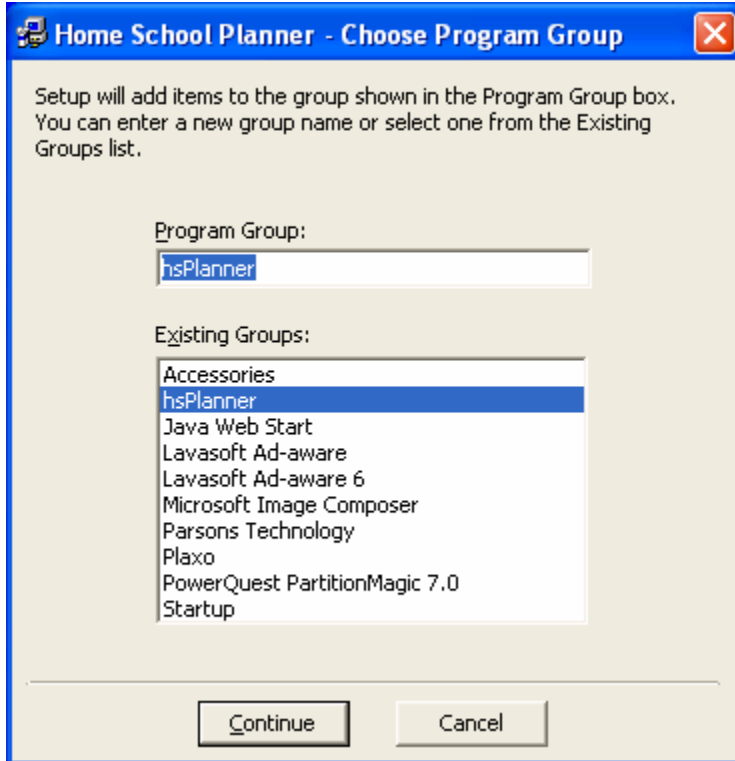

6. When you see this dialog box, click **OK**

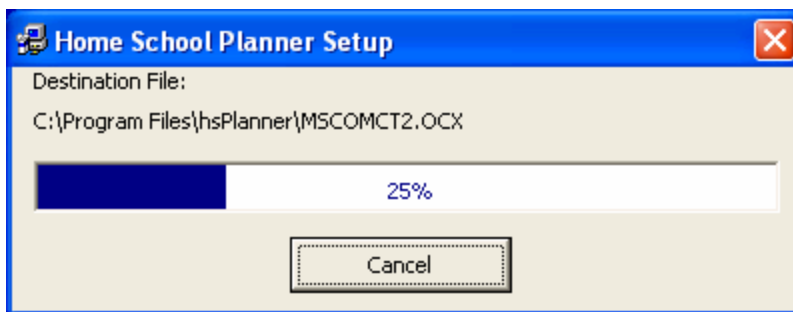

7. When you see this dialog box, click the big picture of the computer in the top left corner.

8. Setup will ask you where on the Start menu to put the new program.

9. Setup will copy the files.

10. When you get this message, you know everything worked properly.

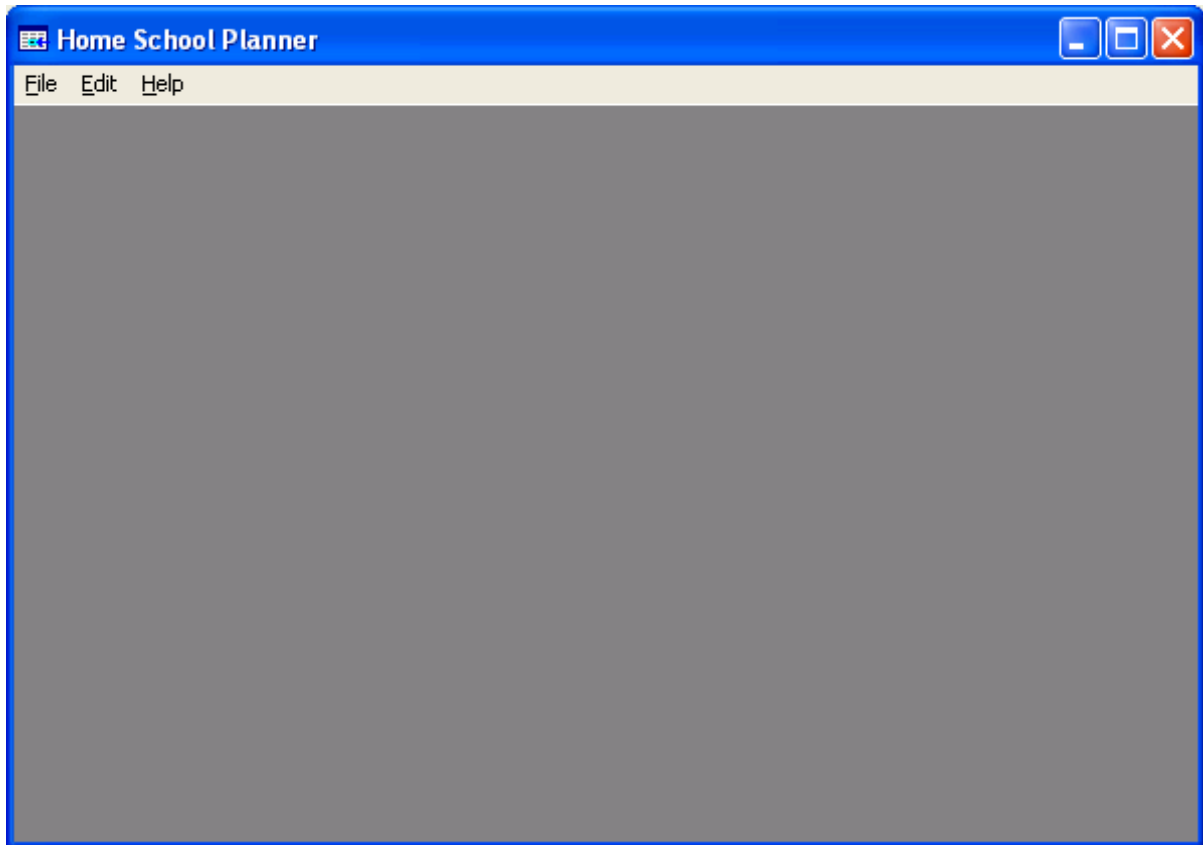

How To Run The Home School Planner

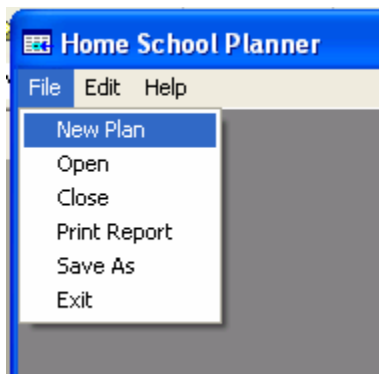

1. Run **Start | All Programs | hsPlanner | hsPlanner**.

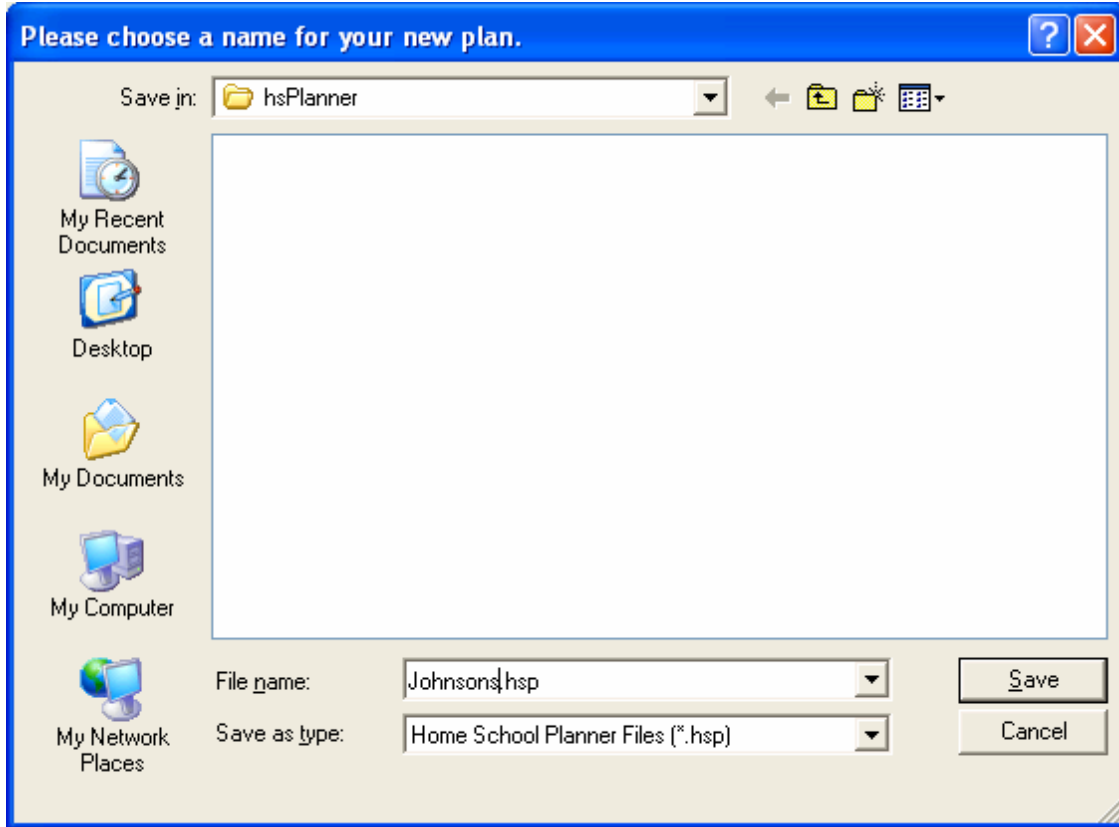

2. The program will open, but you don't have your own plan yet.

3. In hsPlanner, execute the **File | New Plan** menu command.

4. You can use your family name, your school name, or whatever you like. Then, click **Save**.

5. Now you are ready to start working on your plan.

The screenshot shows a software window titled "Home School Planner - Johnsons". The window has a menu bar with "File", "Edit", and "Help". Below the menu bar, there are three radio buttons labeled "People", "Places", and "Things", with "People" selected. To the right of these buttons is a search box containing the text "*all*". Below the search box, there are seven tabs for the days of the week: "Sunday", "Monday", "Tuesday", "Wednesday", "Thursday", "Friday", and "Saturday". The "Monday" tab is currently selected and highlighted in blue. The main area of the window is a grid with columns for "Mom", "Student 2", "Student 3", and "Dad". The rows represent time slots from 0:00 to 8:00 in 30-minute increments. The grid is currently empty, indicating no activities are planned for Monday.
